

## **History of the Camp:**

During the summer of 1991, Steve “The Wizard” Wisner had an idea that would change High School Football forever. “How can I help TEAMS build the comradery necessary to win championships while also building great relationships with High School Coaches and Recruits?” Boom! Enter the Steve Wisner Football Camps. It started off small, just a few teams that first year – Clarion, Williamsport and Loyalsock. High Schools began to see a correlation between the camp and their team’s success. The camp became more and more popular each year. Eventually leading to a record high 12 teams on campus in 2013.

## **What do Coaches have to say?**

*“The Steve Wisner Camp has provided us with a platform to get a leg up on the competition with their state of the art facilities. It provides us with the necessary equipment, classroom and dorms to make it a great camp for team bonding, practicing, and competing.”*

**Pat Cilento (Bullis School, Potomac MD)**

*“It’s a great opportunity for me to visit my alma mater every year. Lycoming is important to Division III football’s history. It’s imperative that potential recruits can experience their campus while also improving their craft!”*

**Scott Bray (Bridgewater-Raritan High School, Bridgewater NJ)**

*“Coming to the Steve Wisner Overnight Football camp has not only brought our team closer together, but helped us to have one of our most successful seasons in school history!”*

**Ryan Smith (Keystone High School, Knox PA )**

## **Pricing:**

The Steve Wiser Football camp is understanding that each schools size, budget and abilities are all different. We have done an outstanding job of working with coaches and administrators to make this an affordable service. We will utilize an algorithm that includes coaches/players/meals/facilities usage to determine the cost for each team.
